Subject: **STORM-CRETE**

Mr. Novick:

The Environmental Items Product Evaluation Committee has pre-qualified Storm-Crete for use on MaineDOT construction and maintenance projects.

A Special Provision/Supplemental Specification will govern the use of Storm-Crete on a project-to-project basis. Those details will need to be worked out with the Environmental Office.

Storm-Crete has been added to the Miscellaneous Environmental Items QPL.

Please direct any questions regarding this pre-qualification to me at 207-624-3268 or by email at doug.gayne@maine.gov.

Thank you for your interest in doing business with MaineDOT.

Sincerely,

Doug Gayne
Product Evaluation Coordinator
